

Product Change Notification – PCN # PCN000516

11<sup>th</sup> Apr. 2018

Dear Valued Customer:

The purpose of this letter is to inform you that Moxa is planning to implement a change to certain products. Please review the detailed information given below to determine how these changes will affect your products and/or processes. If you have any questions regarding these changes, please contact the person listed below.

**Subject:**

ioLogik NA-4021 V2.0.5 changes to V2.1.8

**Effective Date:** April 11, 2018

**Model Names:**

Model Name	Current Version	New Version
ioLogik NA-4021	V2.0.5	V2.1.8

**Change Description:**

- To enhance internal field power detection range, resistors in peripheral circuit of photocoupler in power board was changed.
- To improve that not operating field power check function supplied under 19Vdc, resistors in peripheral circuit of photocoupler in power board was changed.
- Material change to MLCC to prevent from being short of tantalum electrolytic condenser.
- There is no change for NA-4021's functionality and performance.

**Delivery Schedule:**

The new version will be available to order on 16<sup>th</sup> April, 2018 and shipment starting 23<sup>th</sup> April, 2018.
