

Product Discontinuance Notification—PDN#0000366062

June 16, 2022

Dear Valued Customer,

We would like to inform you that Moxa is going to discontinue the Security Dashboard Console (SDC), EtherCatch (IEC), and EtherFire (IEF) license RENEW models. This process will effectively begin from June 16, 2022. If you need any of these discontinued products for an existing project, please contact your Moxa sales representative to place orders before July 27, 2022.

To simplify Security Dashboard Console (SDC), EtherCatch (IEC), and EtherFire (IEF) license models, we decided to combine the NEW and RENEW models together. It is now easier to purchase these models. Simply buy a new license and enter it into Security Dashboard Console (SDC) when the old license expires. To ensure a smooth transition, RENEW license models can still be activated through the [Moxa license portal](#) until December 30, 2022.

Which products will be discontinued?

The following products will be discontinued. Also, see the models recommended to replace the soon-to-be-discontinued models, as well as when the replacement models will be available for order.

Discontinued	Recommended Replacement	Available for Order
LIC-SDC-RENEW-1Y-XN-SR	LIC-SDC-NEW-1Y-XN-SR	Available Now
