

Dear Valued Customer,

We would like to inform you that Moxa is going to make changes to the ioThinX modules of the 45MR and 45ML Series. Please review the details below to determine how these changes will affect your products and/or operations.

**What will change?**

The scope of the changes includes packing design and the dimensions of the box to the current versions:

1. The total volume of new design is 40% less than current design.
2. The new design adopts an eco-friendly design. Therefore, it removes EPE foams uses paper structure and PE bags as packing material.
3. The new design passed IEC 60068-2-31/ ISTA-2A (package drop test) and IEC 60068-2-64 (package vibration test) to assure its quality.

	Current Design	New Design
Dimension (W x L x D)	172 x 128 x 39 mm	126 x 95.5 x 41.5 mm
Appearance		

**Which products will be affected?**
